WELCOME TO ADVANCED SKY LINK

WE DON'T JUST BUILD STRUCTURES – WE BUILD TRUST, PROGRESS, AND POSSIBILITIES.

Since 2020, **Advanced Sky Link** has been turning visions into reality across Oman and beyond.

Whether it's a new road connecting communities, a high-rise building shaping the skyline, or essential water systems bringing life to remote areas — we're the team behind the scenes, making it happen with care, precision, and pride.

We're not just contractors. *We're partners in progress.*

WHO WE ARE

At Advanced Sky Link, we believe construction is more than concrete and steel — it's about people, purpose, and long-term impact.

From the very beginning, our mission has been simple: **deliver exceptional results, on time and on budget**, while listening closely to what our clients truly need.

With deep expertise in civil engineering, building construction, infrastructure, and environmental solutions, we bring every project to life — no matter how complex.

Our strength lies in our people — a dedicated team of engineers, project managers, and skilled workers who combine experience with innovation to get the job done right.

We never lose sight of what matters most: **you, the client.**

OUR MISSION

To be the most trusted name in construction by turning dreams into strong, sustainable, and meaningful realities.

We focus on quality, safety, and smart planning — because your project deserves nothing less.

OUR VISION

To lead the future of construction in Oman and beyond — not just by building structures, but by setting new standards in reliability, innovation, and community impact.

We aim to leave behind more than buildings. We aim to leave a legacy.

WHAT WE DO

We handle every step — from the first idea to the final finish.
Here's how we help:

ROAD CONSTRUCTION

- Our Core Strength

MOUNTAIN CUTTING

- Making the Impossible Possible

BUILDING CONSTRUCTION

- Strong Foundations, Every Time

CIVIL ENGINEERING STRUCTURES

The Backbone of Every Project

CONSTRUCTION PROJECT MANAGEMENT

Your Project, Our Promise

WATER SUPPLY SOLUTIONS

- Delivering Life, One Pipe at a Time

ROAD CONSTRUCTION

We build strong, durable, and reliable roads that connect communities and support long-term development. From initial planning to final paving, our team delivers high-quality road infrastructure tailored to Oman's diverse landscapes and climate.

- ◆ Expertise in road design, earthworks, drainage, and asphalt/concrete surfacing
- ◆ Proven success in challenging terrains, including wadis and remote areas
- ◆ Focus on safety, durability, and long-term performance
- ◆ Timely delivery with strict adherence to budget and standards

MOUNTAIN CUTTING

We transform rugged mountainous terrain into safe, stable ground for roads, utilities, and infrastructure. Our precision cutting techniques ensure minimal environmental impact and maximum efficiency.

- ◆ Specialized in controlled cutting and slope stabilization
- ◆ Experienced in high-risk, high-altitude environments
- ◆ Use of modern equipment and strict safety protocols
- ◆ Seamless integration with road and infrastructure projects

BUILDING CONSTRUCTION

From government facilities to commercial and residential complexes, we build structures that are functional, safe, and built to last. Every project reflects our commitment to quality craftsmanship and client satisfaction.

- ◆ Residential, Commercial, and Institutional buildings, both low-rise and high-rise.
- ◆ Full-cycle management from foundation to finishing
- ◆ Compliance with safety, design, and regulatory standards
- ◆ Delivered on time and tailored to client needs

CIVIL ENGINEERING STRUCTURES

Our civil engineering expertise forms the backbone of every successful infrastructure project. We deliver smart, sustainable, and site-specific solutions that stand the test of time.

- ◆ Design & construction of bridges, retaining walls, culverts, and drainage systems
- ◆ Technical planning and structural analysis for complex projects
- ◆ Integration of engineering with environmental and site conditions
- ◆ High precision in execution and quality control

CONSTRUCTION PROJECT MANAGEMENT

Clarity and control to every project. Our hands-on approach ensures smooth coordination, on-time progress, and full transparency from start to finish.

- ◆ End-to-end oversight of schedule, budget, and resources
- ◆ Clear communication and regular progress updates
- ◆ Coordination between teams, suppliers, and stakeholders
- ◆ Problem-solving focus to prevent delays and cost overruns

WATER SUPPLY SOLUTIONS

With a rich background in water supply solutions, we design and implement efficient water networks that ensure reliable access to clean water — even in remote or difficult locations.

- ◆ Full-service solutions from design to system implementation
- ◆ Installation of pipelines, pumping stations, and distribution networks
- ◆ Customized systems for residential, institutional, and public use
- ◆ Durable, low-maintenance infrastructure with long-term reliability

TELECOMMUNICATION POLES & ELECTRIC TOWERS

Modern life runs on connection — both digital and electric.

We install and maintain telecommunication poles and electric towers that keep communities linked and powered in urban and remote areas.

- ◆ Expert installation and maintenance for reliable network coverage
- ◆ Safe and efficient construction of electric towers for seamless power transmission
- ◆ Designed and built to withstand Oman's environmental conditions

OUR PROJECTS – BUILT WITH PRIDE

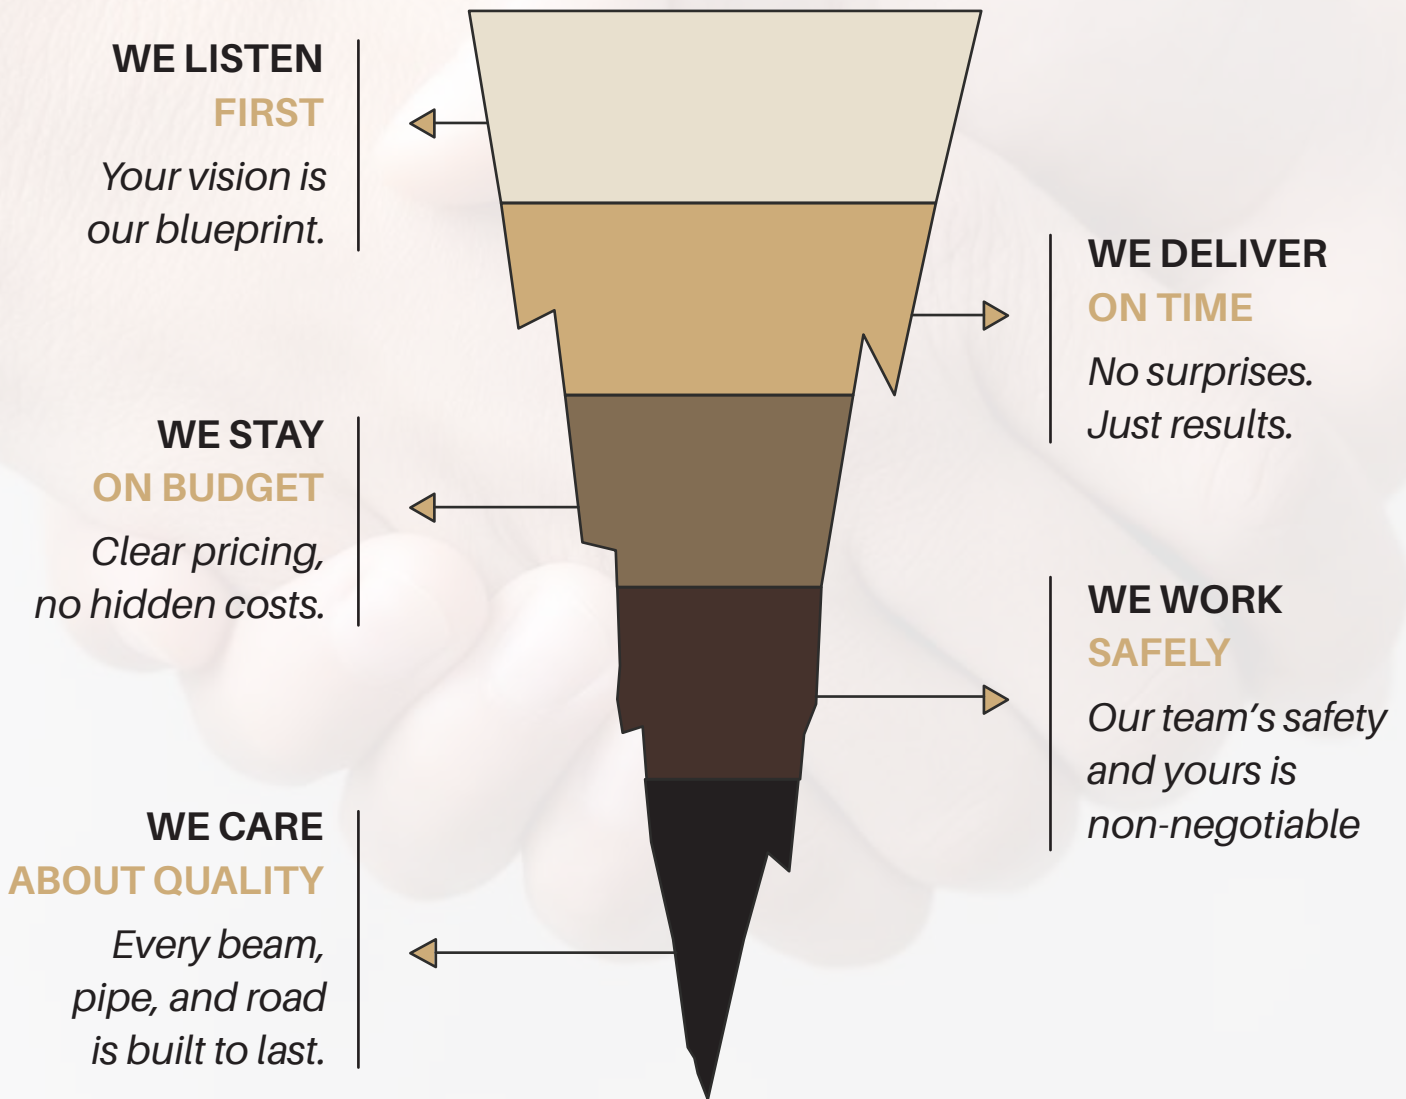

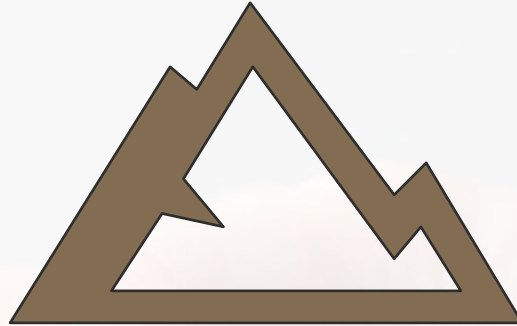

We've contributed to some of Oman's most important developments, including:

- »» **National Bank of Oman** – A symbol of strength and service
- »» **Recreation Center Musical at WATTAYA** – A space for culture, music, and community
- »» **Police Station Complex at DIMMA WAT TAHEEN** – Safety built to last
- »» **Marina at YITI** – Luxury, leisure, and coastal elegance
- »» **Royal Oman Police DIBBA** – Trusted infrastructure for trusted protectors
- »» **Al Jufainah Flood Protection Dam** – Protecting lives and land
- »» **Road at Wadi Bani Jaber** – Opening new paths for progress

Each project reflects our values: quality, precision, and pride in workmanship.

WHY CLIENTS CHOOSE US

OBVIOUS REASONS FOR SELECTION

We don't cut corners. We build foundations — for buildings, and for trust.

NATIONAL BANK OF OMAN

RECREATION CENTER MUSICAL, WATTAYA

POLICE STATION COMPLEX, DIMMA WAT TAHEEN

ROYAL OMAN POLICE AL KAMIL

ROYAL OMAN POLICE DHANK

ROYAL OMAN POLICE DIBBA

FLOOD PROTECTION DAM AL JUFAINAH

CONSTRUCTION OF ROAD AT WADI BANI JABER

ONGOING PROJECT

CONSTRUCTION OF ASPHALT ROADS IN WILAYAT MUQSHIN GOVERNORATE OF DHOFAR

ONGOING PROJECT

DESIGN AND CONSTRUCTION OF ASPHALT ROAD - AL DHAHIRAH GOVERNORATE

(Leading to Namaa Poultry Company Sit in Dhank)
